

Context and Action Template

Context	Goal	What are we ultimately trying to achieve?	
	Metrics	How will we know and measure whether the goal is being met?	
	Success Criteria	What will the learner have to get right to achieve this goal?	
	Decisions	What actions and decisions needed to achieve this goal are within the learner's scope of responsibility?	
Action	Guiding principles	What ideas or principles should we use to guide our decision making and actions?	
	Frameworks and processes	What processes and frameworks exist to support decision making in this area?	
	Trade-offs	What are the key trade-offs that must be managed?	
	Obstacles	What obstacles exist that might prevent us from reaching this goal? What can we do about them?	
	Unlearning	What attitudes or beliefs do we need to change in order to truly meet our new goals?
